ENGLISH ROSE® THE COLLECTION

ENGLISH ROSE is a name associated with quality kitchens since the 1950s, regarded as the 'must have' kitchen of the time produced from stockpiled aluminium left over from Spitfire manufacturing during World War II.

The first modular kitchen that could be bolted together easily, it was a perfect example of Great British engineering as the very first 'fitted' kitchen range in the world.

‘The original ENGLISH ROSE kitchen range was born out of surplus post-war stock, from the same engineering company that produced parts for Spitfire aircrafts?’

The original ENGLISH ROSE kitchen range was advertised as 'advanced construction and pioneering design' and this is just as relevant today as it was then. We create beautifully practical spaces that serve as the focal point of the modern British home.

A fair day's work deserves a fair day's pay. Ending poverty pay is good for business and good for society.

BRITISH DESIGN

British design is recognised the world over for innovation and creativity.

When you purchase an ENGLISH ROSE kitchen, you are acquiring an exceptional British kitchen to suit your lifestyle.

Our range of quality kitchens are manufactured, using the finest materials, in our purpose built factory. Our kitchens have been awarded the Made in Britain status.

CRAFTED FOR YOU

Our quality kitchens are robust and durable with a stunning array of styling options. The result is a range of kitchens we're proud to call our own.

HER ROYAL HIGHNESS, THE COUNTESS OF WESSEX

Our new warehouse and office complex was officially opened by Her Royal Highness the Countess of Wessex, GCVO, taking the factory footprint to 405,000 sq ft.

“I’ve always loved ENGLISH ROSE kitchens. They’re stylish, last forever and are beautifully made. Now they have vibrant colours too.”

I love colour. It is such a great way to express personality and can make your kitchen unique. ENGLISH ROSE’s colours can easily be paired to create an eye-catching yet modern kitchen.”

Dame Prue Leith DBE,
ENGLISH ROSE Ambassador
